

ESOL Test Training

Test training in BULATS/ILETS/TOEFL/ Cambridge Certified Examinations

The ESOL Test Training programme is designed for those who are preparing for major English language examinations. We provide programmes for ILETS, TOEFL and Cambridge BULATS to name but a few.

In order to quickly and effectively prepare our participants we use a technique known as Blended Learning. This approach blends online language training with traditional classroom work, making language learning easier, quicker and more enjoyable.

Students develop their general language skills using our online technology while we use the classroom to deal with the demands of the specific examination and prepare the candidates to meet those demands.

The ESOL Test Training programme will powerfully prepare any examination candidate to achieve their best.

12 week programme, 1½ hours per week in the classroom with access to over 2000 hours of online training which is tracked and supported by the tutor. (A minimum of 2½ hours of online training is recommended per week.)

Courses commence every three weeks

*Cambridge BULATS available on the completion of the course if desired (€40 euro)
